Letter from the General Partner

Dear Limited Partners,

We are pleased to report strong progress during the first quarter of 2026. The fund completed its initial investment in Brightfield Manufacturing Holdings, Inc. — a $155 million equity commitment that represents a compelling platform opportunity in the fragmented industrial manufacturing sector.

The portfolio has already demonstrated encouraging early performance indicators, with management executing on operational improvements ahead of the original investment thesis timeline. We remain confident in our deployment pace and continue to evaluate several additional platform opportunities within our target sector verticals.

We look forward to continuing to serve as your trusted capital partner.

Respectfully, Jonathan R. Whitmore, Obrelund Capital Management III, LLC
